

MINECRAFT

GUIDE

Heyooo

This is a little guide to show you
how you can make your own
Minecraft Flower Pot at home :3

I am trying my best to make the steps
as easy and understandable as
possible but if you still struggle or
have some questions, feel free to
text me on instagram in dms (@linebck)
I try to check them pretty often and
will try to help you as good as I can :)

I wish you the most fun while making
a Pot for your Flowers <3

You need:

Wooden Cubes, 20mm/ 2cm

(I get mine from Amazon)

You can also get Wooden
Cubes in the size 10mm/ 1cm
if you want a smaller Pot.

I made [ref links](#) from the material that I
used so if you want to [support me](#) you
can use these <3

EU:

USA:

You need:

Glue (I use "All-purpose glue"
but you can probably also use
Gorilla glue or wood glue)

I made ref links from the material that I
used so if you want to support me you
can use these <3

EU:

All-Purpose-Glue:

Gorilla-Glue:

USA:

You need:

Acrylic Paint

(a brand doesn't really matter as long as it has good coverage and is maybe not as watery (cause of the wood you know?))

(brown, white and black)

I made ref links from the material that I used so if you want to support me you can use these <3

Color Palette:

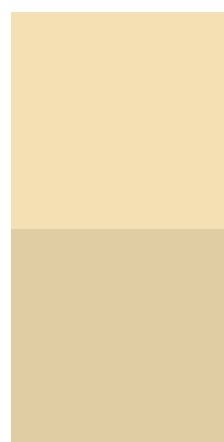

Total:
40 Cubes

(cubes for visualization)

I always glue two
cubes together and
let it dry

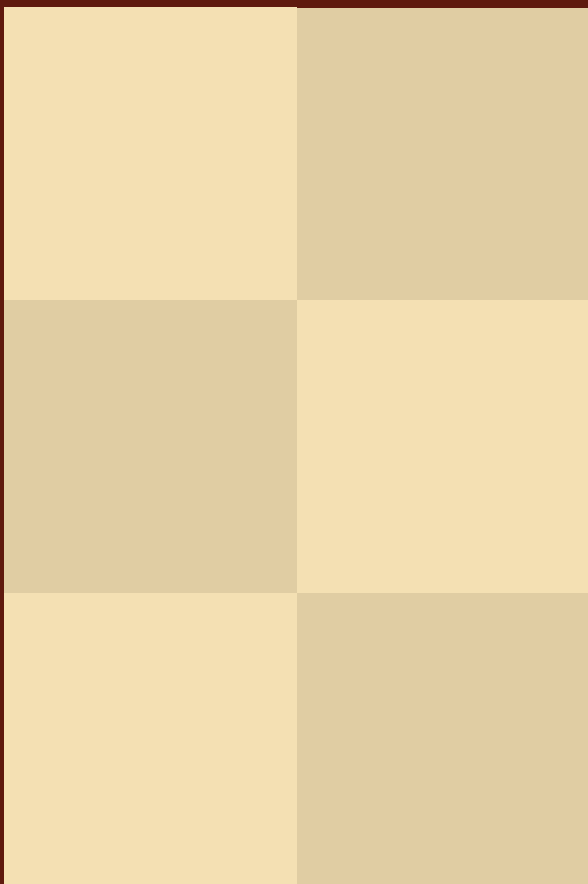

this time you need
rows of 3 cubes

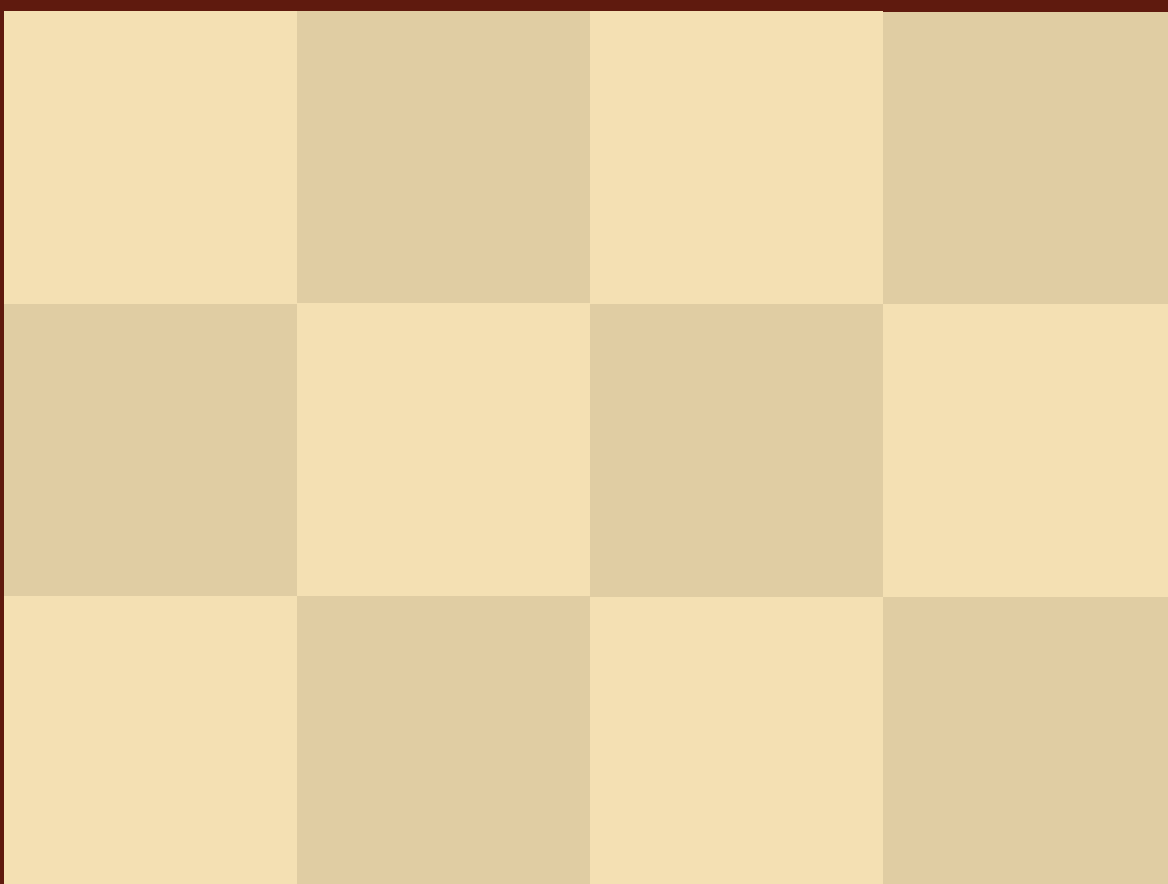

afterwards I glue the
pairs together

Shape:

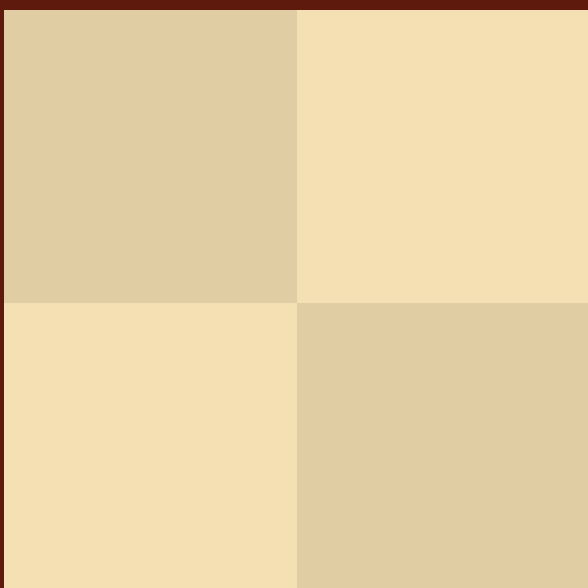

glue your cubes into these shapes.

2x

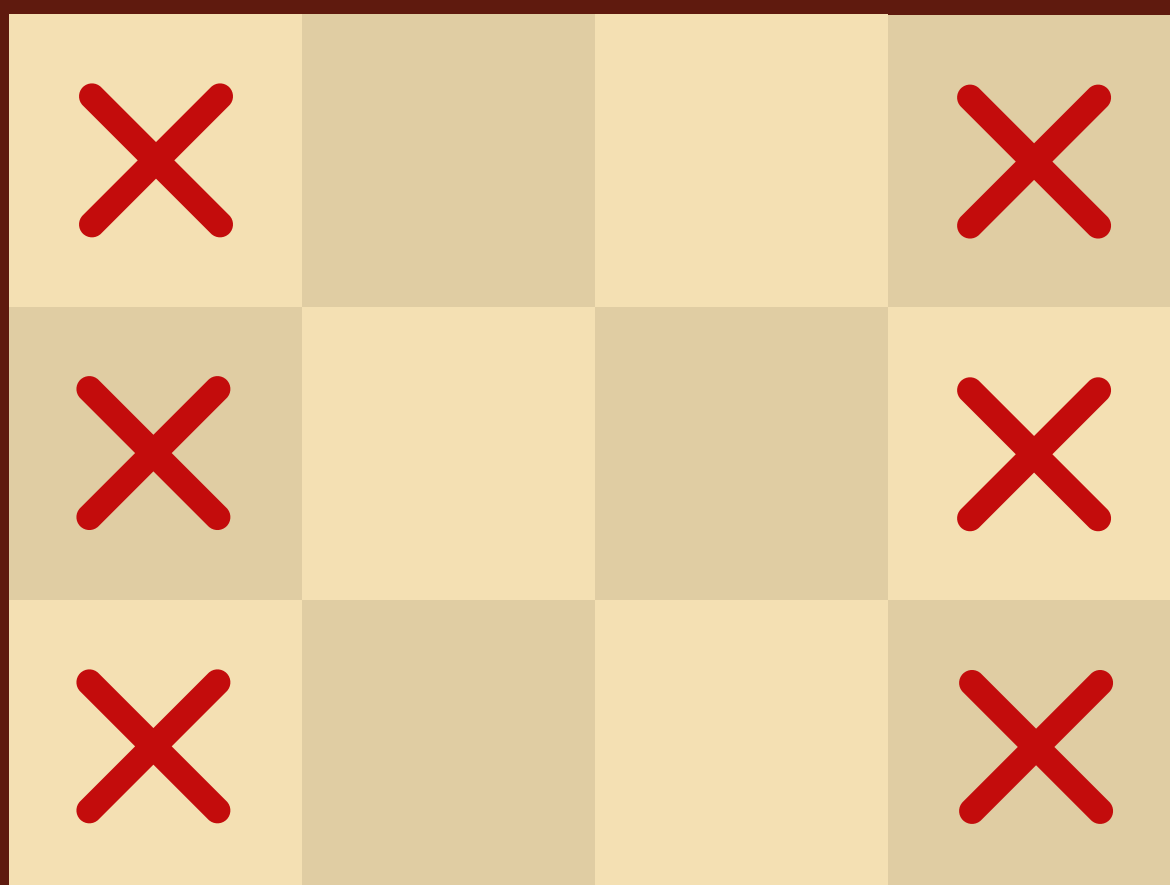

2x

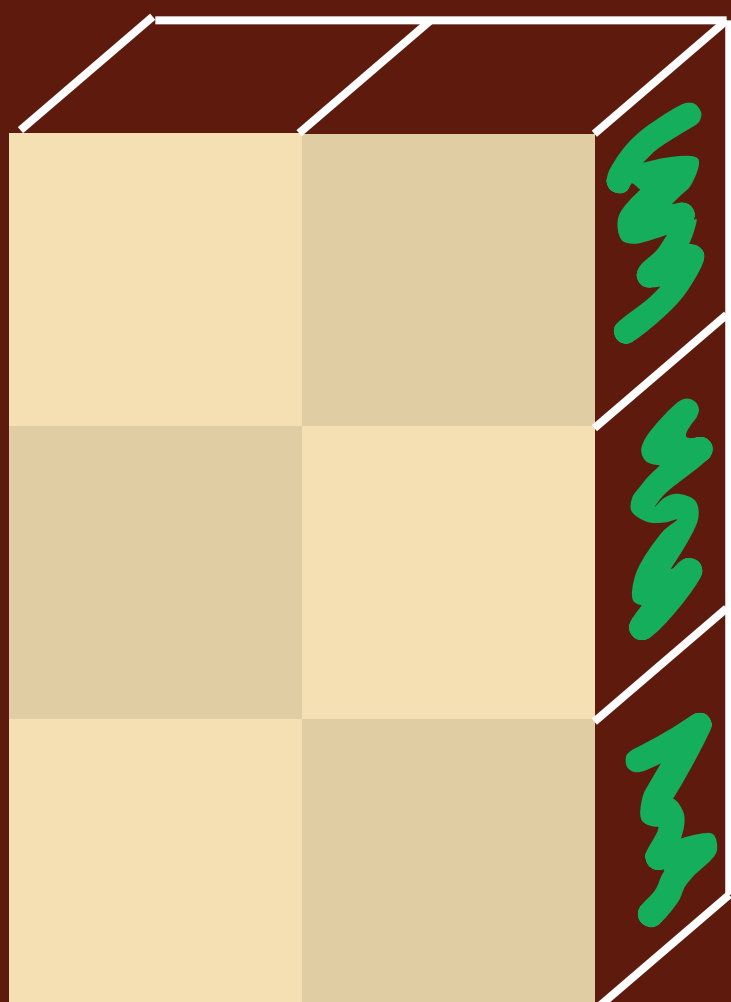

1x

Glue:

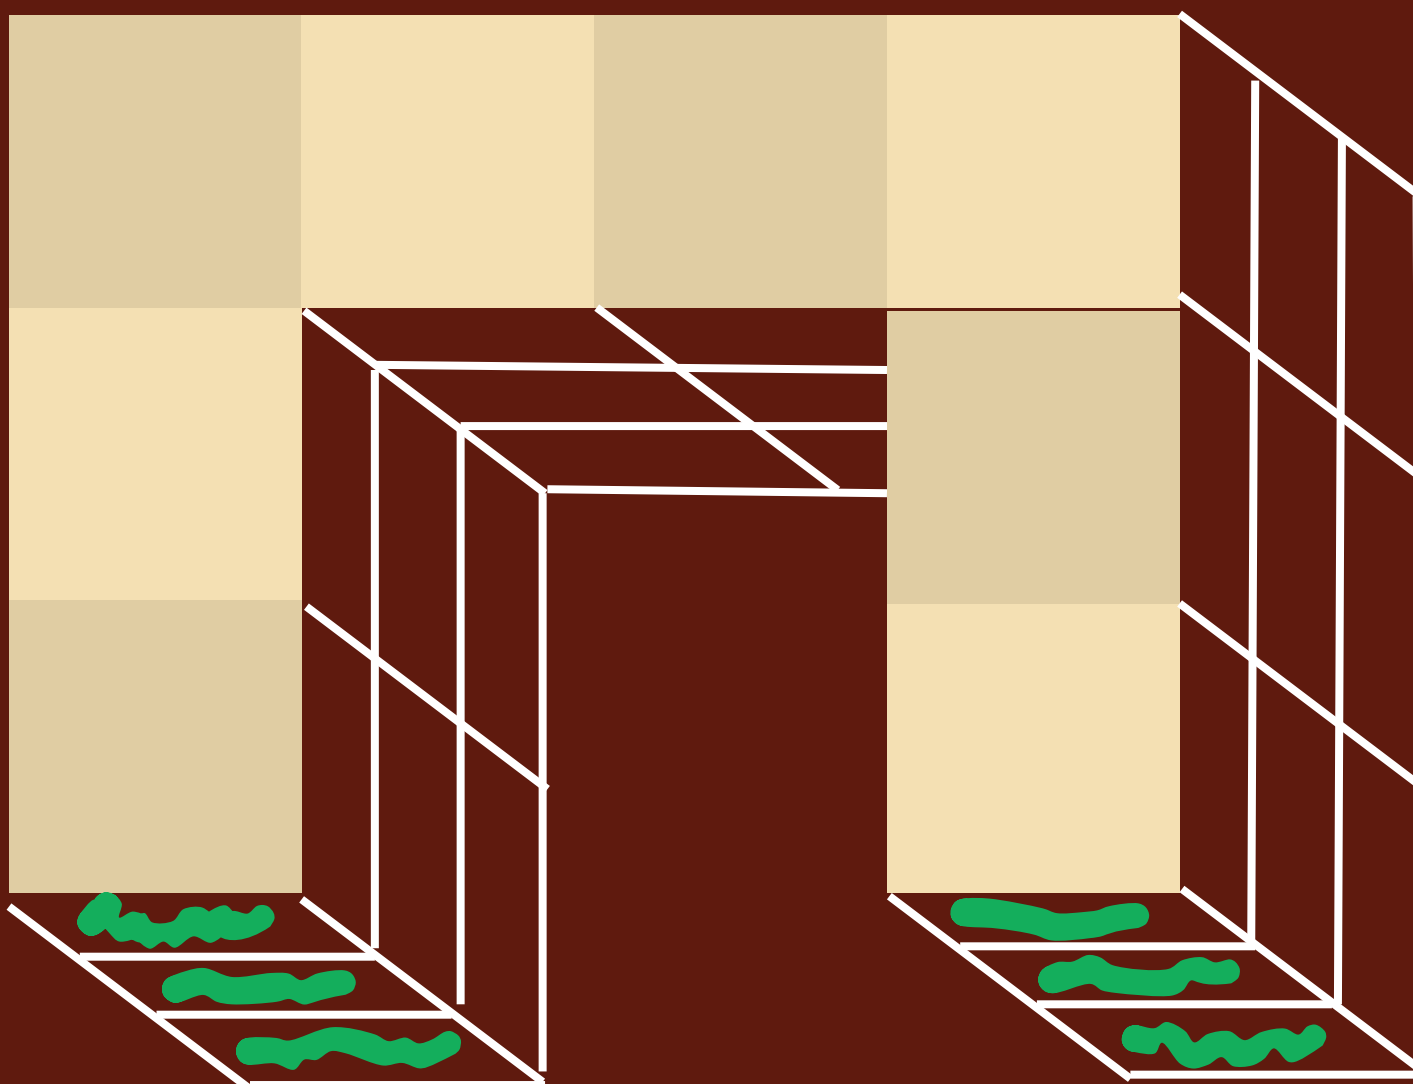

You got two
of those

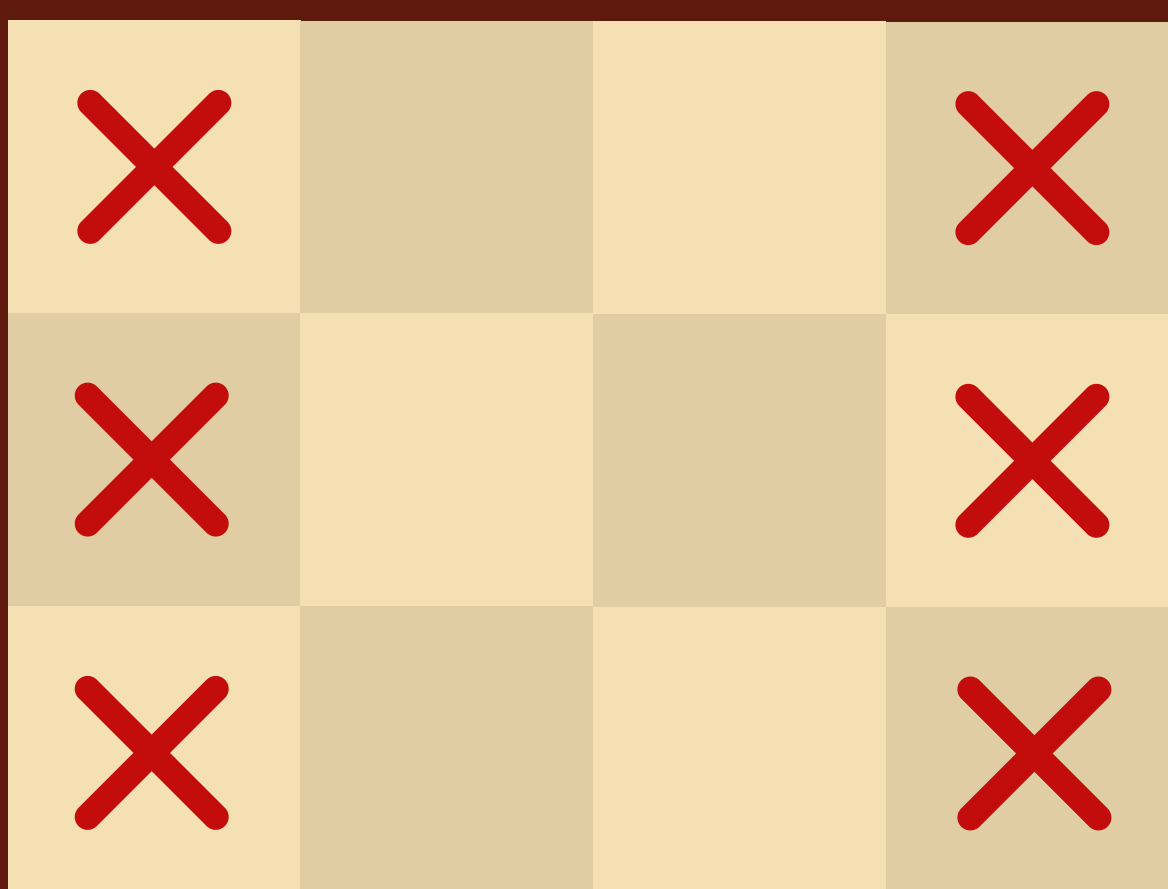

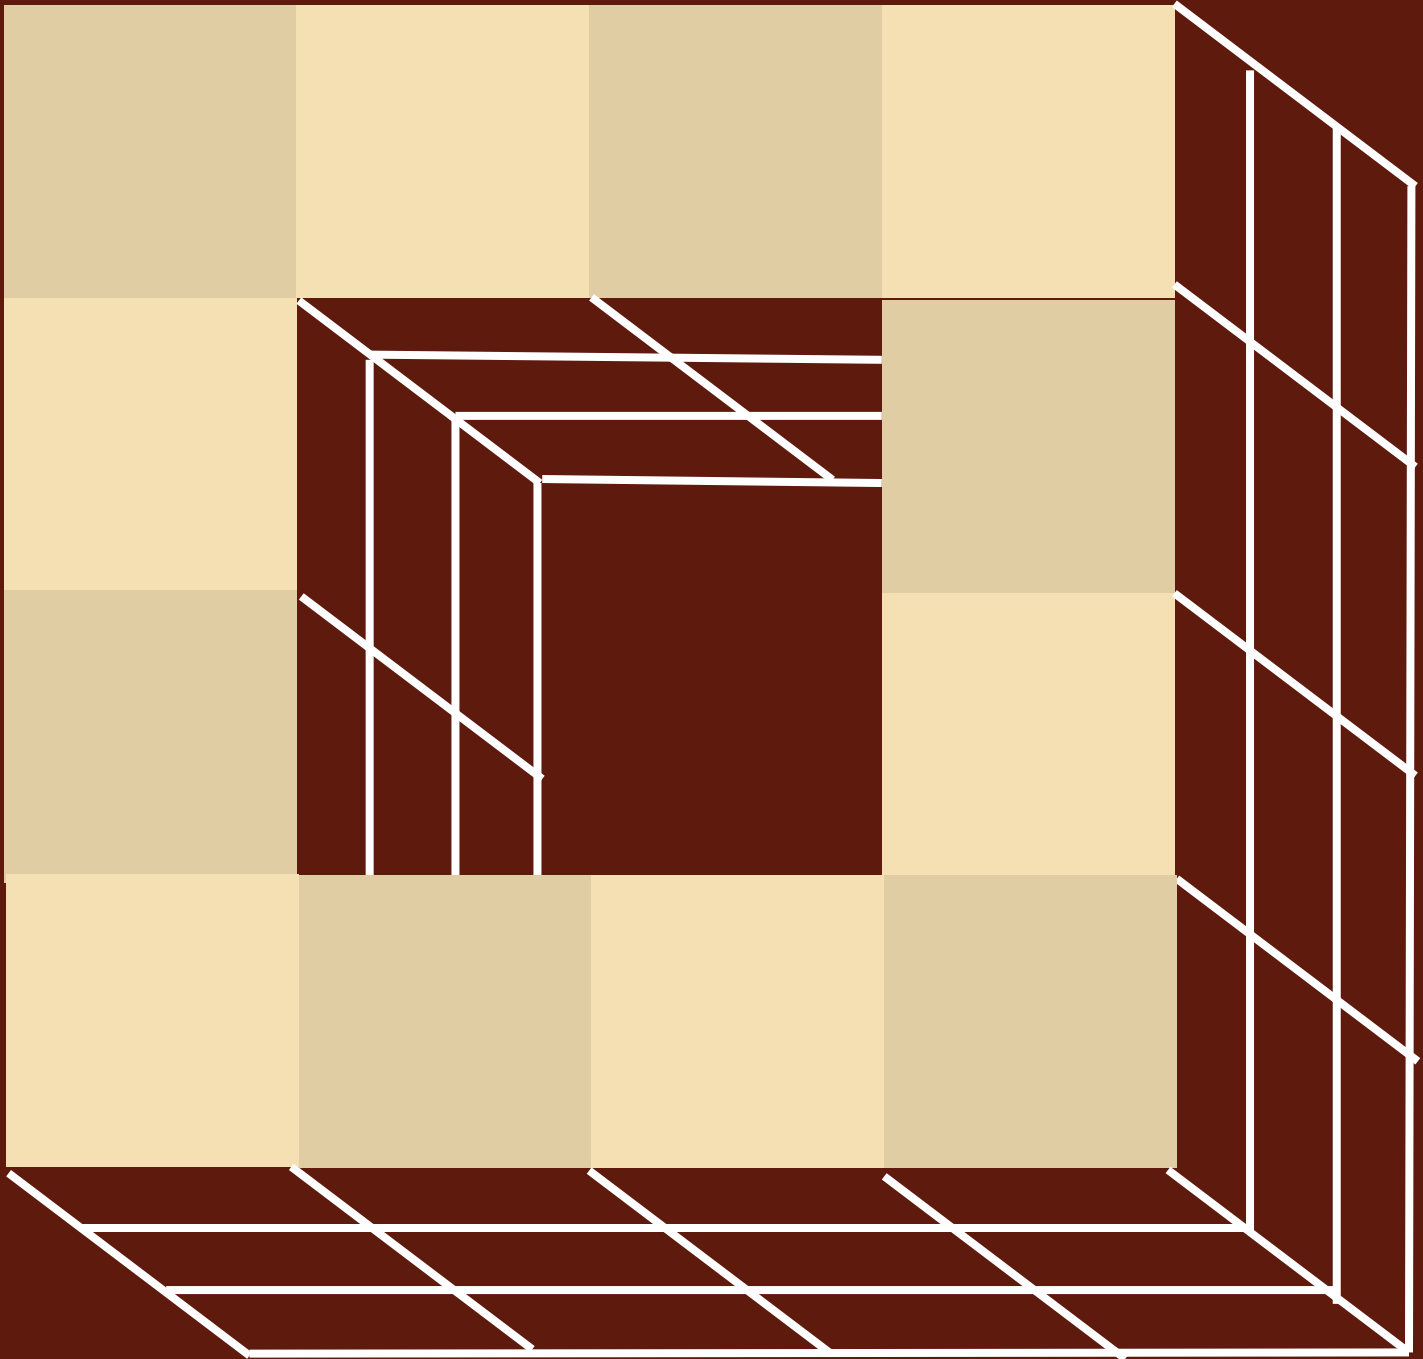

glue the 
onto the 

Now you got
a  form

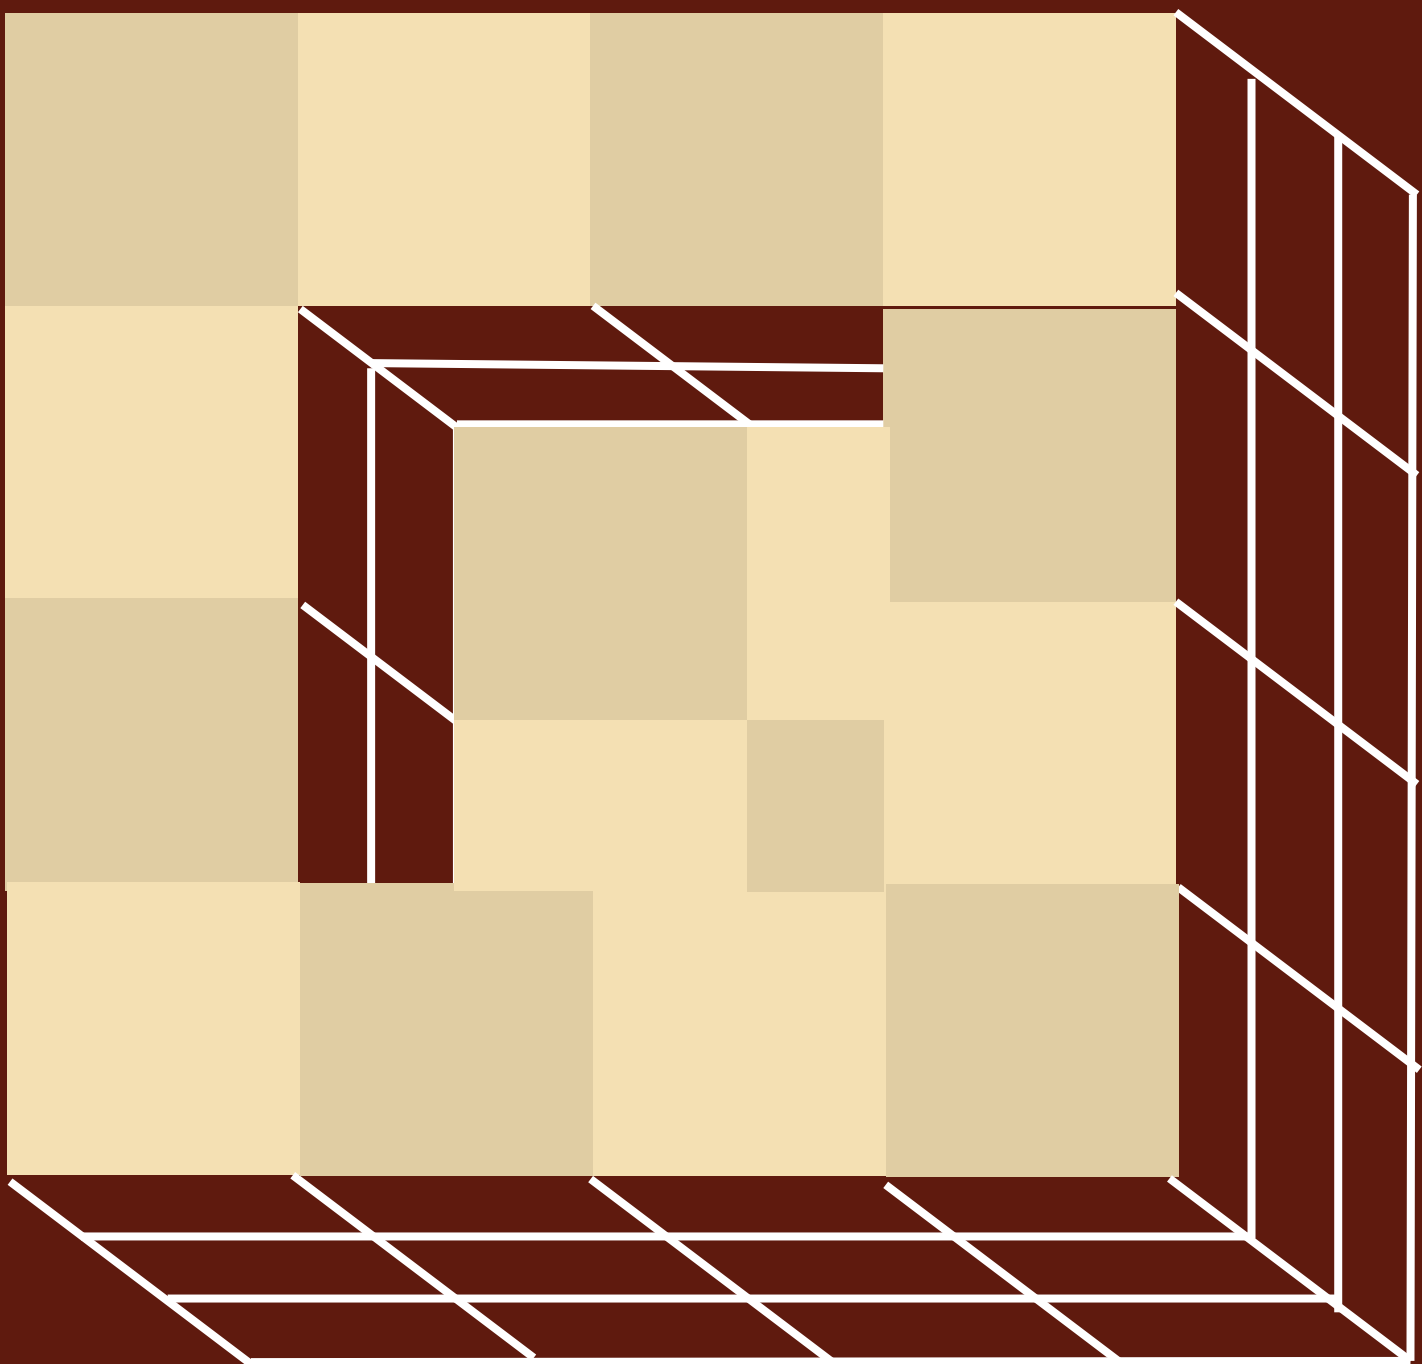

glue the 
onto the 

glue the bottom on

Paint:

Start painting :))

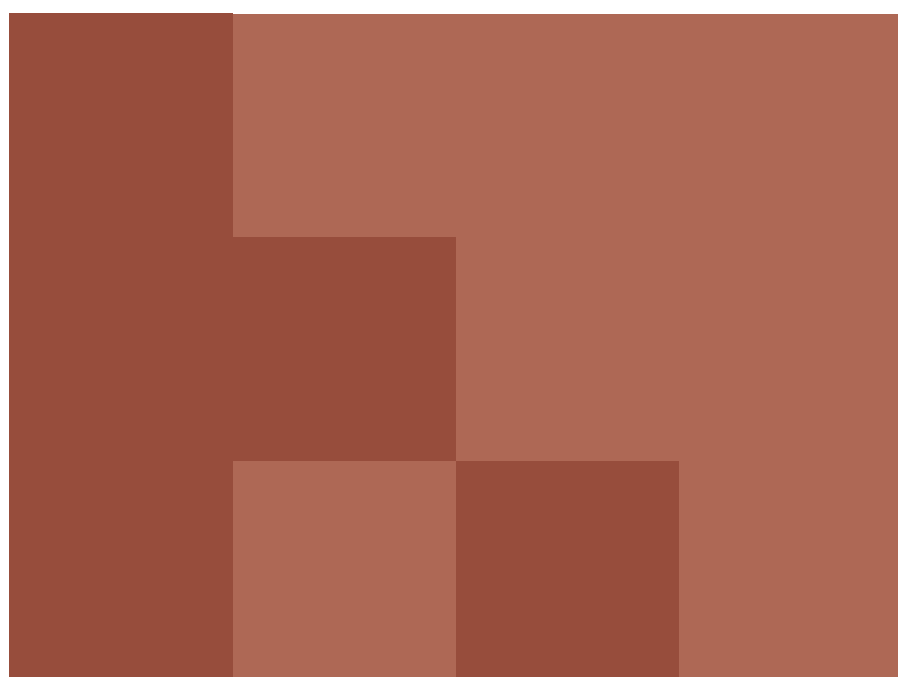

(you can start with any color you want, I would recommend that you finish one color before you switch to the next one)

I basically mixed three different shades of brown

If you struggle while painting, don't forget:
Tape exists

I freestyle the Pot most of the time

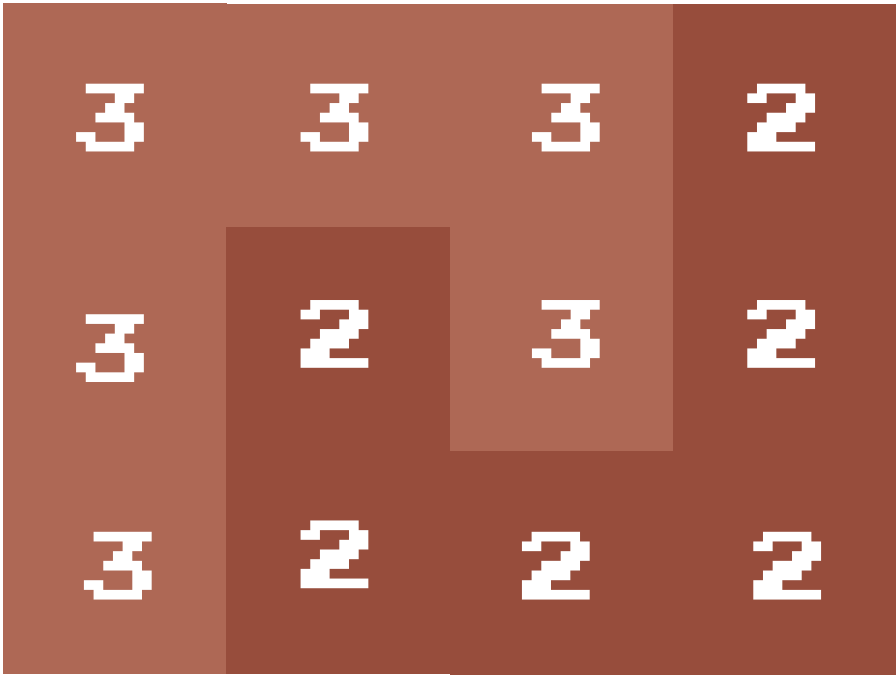

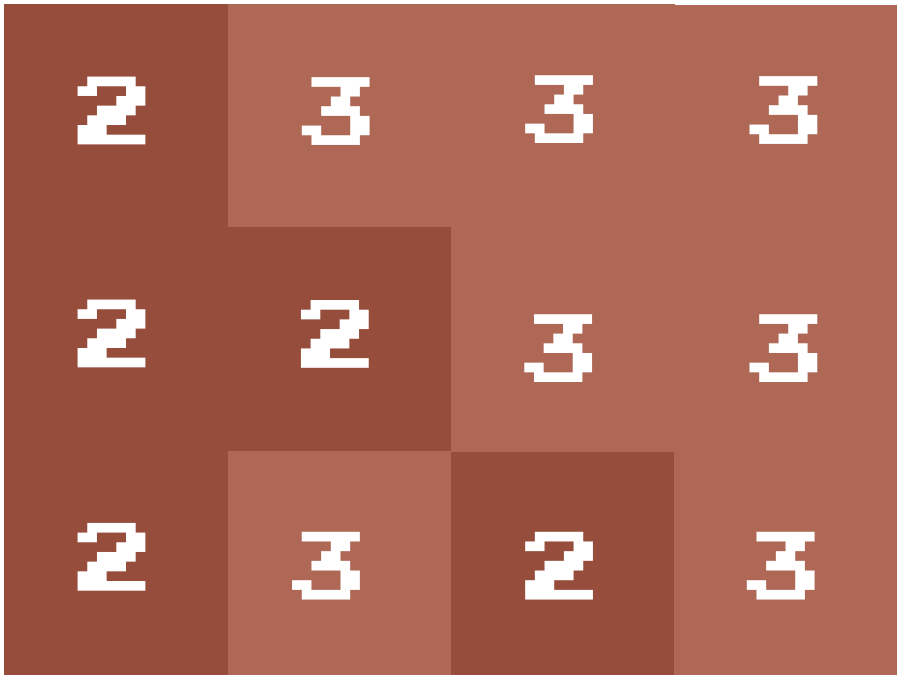

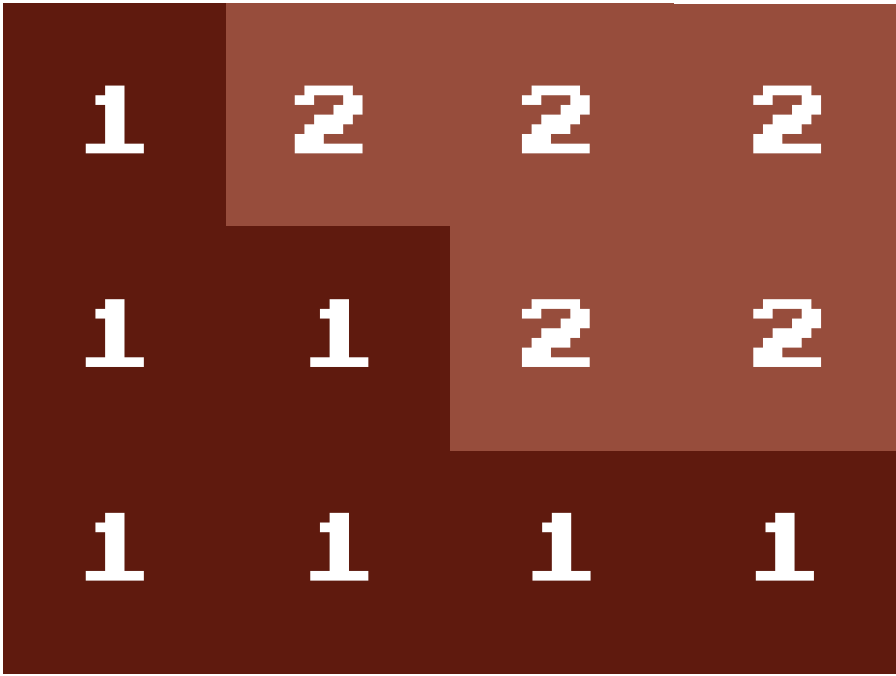

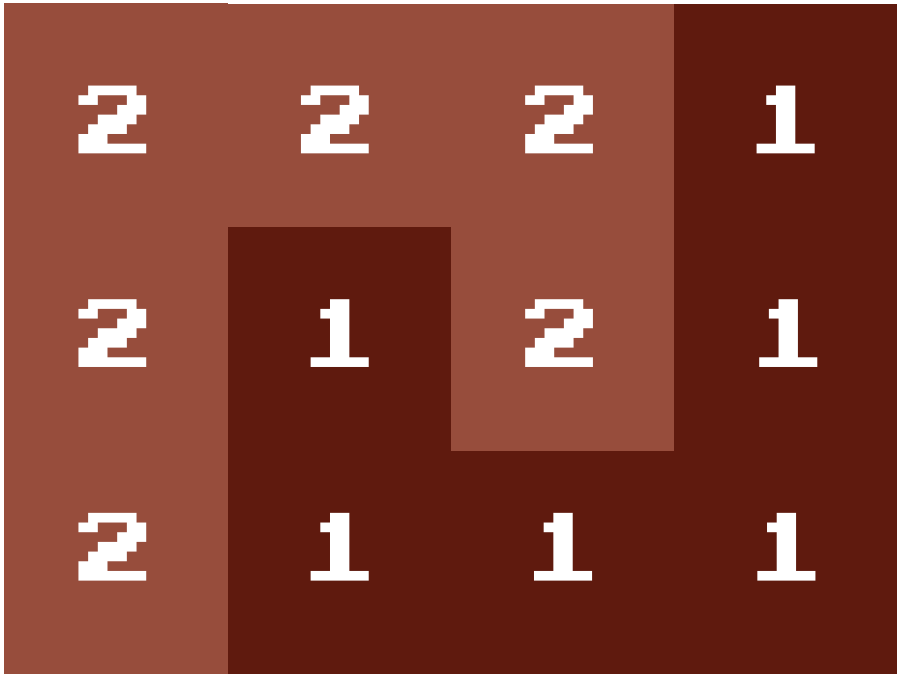

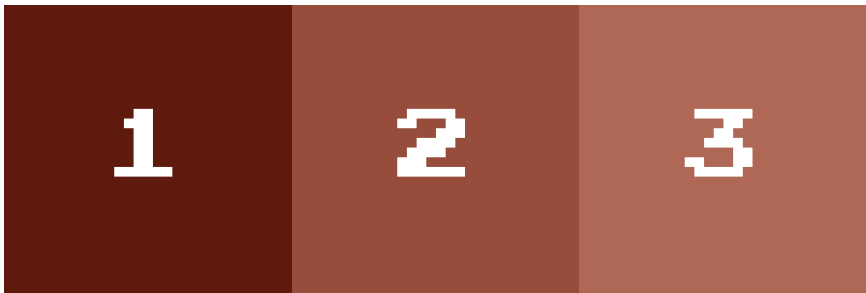

each side:

bottom:

most of the time I just paint the
inside dark brown

bottom:

TA-DAAAAA

Now you made yourself your own
Minecraft Flower Pot :3

I hope you liked this little guide <3

I am working on more guides for
you to download (free)

and I also have a lot of other ideas
besides only Minecraft flowers
(other mobs or even something
not Minecraft related)
